Dear Neighbors,

With new leadership in the General Assembly and in the Governor's office, the 2005 legislative session was filled with new opportunity. This breath of fresh air allowed us to rack up several major accomplishments during the session.

Helping Wolcott keep its property taxes down was my chief concern this year. I am proud to have pushed the legislature to dramatically increase funding for Wolcott, and on the other side of this card you'll find a chart detailing the increased state aid that will be coming to our town.

I have also included a short list of additional issues that were addressed. Because of the space constraints in this report, I'd like to make sure that you know that additional and more detailed information is available on my website. If you have additional concerns or questions, you can call my office.

Yours truly,

  
Christopher Murphy
